GENERAL REGULATIONS GOVERNING EXAMINATIONS FOR ALL UNDERGRADUATE PROGRAMMES

Written Examinations will be held at the end of each Semester. Semester 1 Written Examinations will take place in December (Winter); Semester 2 Written Examinations will take place in April/May (Summer). Written Examinations for programmes with placement will normally take place in March/April (Spring). Written Examinations for Semester 3 will take place in August (Autumn).

Publication of Results: provisional module marks and results for Semester 1 will be released to students in February subject to approval of the External Examiner(s), the Examination board and Academic board. Programme results for Semester 1 and 2, once approved by the Spring/Summer Examination boards, will be released provisionally to students and are subject to Academic board approval in June. Provisional results for Semester 3, once approved by the Winter Examination boards will be released provisionally to students and are subject to Academic board approval in December.

Awarding of Credits: Where a student passes the year according to the Pass and Progression Rules he/she shall be awarded 60 credits. Students who fail a module(s) but satisfy the Pass and Progression Rules will be awarded 60 credits and the judgement recorded for failed module(s) will be Pass by Compensation.

Absence from an Examination in a Module:

- Registration at the beginning of an academic year constitutes entry for Examination. All repeat students are required to present for examination in the relevant subject(s)/module(s).
- A student who is prevented for medical reasons or other personal circumstances from attending all or part of the Examination, and who has not withdrawn from the programme, should submit to the Registrar and Vice-President for Academic Affairs a full report (including a medical certificate) or a full report setting out the other personal circumstances as soon as possible and not more than three days following his/her last Examination, for consideration by the Board of Examiners. Students who are pregnant may defer the entire examination to the Autumn. However, such students may not split examinations between Spring/Summer and Autumn.
- Where a student fails to present for an End of Semester Examination(s) Written Examination in a module, a judgement of "Absent" is recorded for that module. "Absent" is counted as an attempt at an examination. Where a module is examined by a combination of Continuous Assessment and End of Year Written Examination, and the student does not present for the End of Year Written Examination, an "Absent" judgement and the mark for Continuous Assessment are recorded. Where a module is assessed wholly by Continuous Assessment, and the student presents no work, a "Presented No Work" judgement is recorded.

Supplemental Examinations:

Supplemental Examinations for Semester 1 and 2 will be held in August (Autumn). Supplemental Examinations for Semester 3 will be held in December (Winter). Please refer to the Book of Modules (www.ucc.ie/academic/modules/) for requirements governing the Supplemental Examination for individual modules. Note: for some modules there is no Supplemental Examination.

A student who fails his/her End of Semester Examination(s), or who fails to present, will be automatically entered for the Autumn Supplemental Examination unless debarred by the Examination Board. Students not so debarred must inform the Student Records and Examinations Office, in writing, before the end of July if they do not intend sitting the Autumn Supplemental Examination. Where a student fails to inform the Student Records and Examinations Office of his/her intention not to sit the Autumn Supplemental Examination, a judgement of "Absent" is recorded for module(s). "Absent" is counted as an attempt at an examination.

Repeat Year Arrangements

Students repeating the year will repeat under the current regulations (i.e. the regulations outlined in the Marks and Standards 2016 Book).

Application for Waiver of Capping of Marks:

The requirement for the capping of marks awarded for a module at a Supplemental Examination or, where applicable, Repeat Year Examination may be waived under certain specified circumstances.

General regulations governing examinations for all programmes can be found on the web at: <http://www.ucc.ie/en/exams/procedures-regulations/>

Optional Additional Modules (Fee applies)

Students may take up to 10 additional credits in addition to their 60 core credits in year 1, 2 and year 4 of the BComm Degree. Please note that the fee for taking every 5 additional credits will be 1/12th of the full year tuition fee for the programme. Such optional additional modules will not be considered in determining pass and progression, nor in determining the student's examination grade. However, marks achieved in these modules will appear in the student's transcript.
